

Welcome to new Andhra Pradesh's new Grandeur

Togetherness is wonderful certainly as we go forth to build our prestigious capital city. We need to build brick by brick with passion and love, for a wonderful tomorrow. It's time to lay the foundation to a global pedestal which would enable us to congregate to meet, to interact, to share and to grow. The need of the hour is an International Convention Centre, with state of the art outlook to foster togetherness.

Building Amaravati's Landmark

The broad idea behind the International Convention Centre is to build a landmark which would serve as a metaphor for a new era. The proposed International Convention Centre is spread across 10 acres, comprising of an expansive space for congregation to conduct exhibitions, weddings and conferences. It also would have an Elite Hotel which is on par with the best-in-class facilities, an attractive Resort, an International School and an old age sanctuary.

Let's together build Amaravati's landmark with global reach.

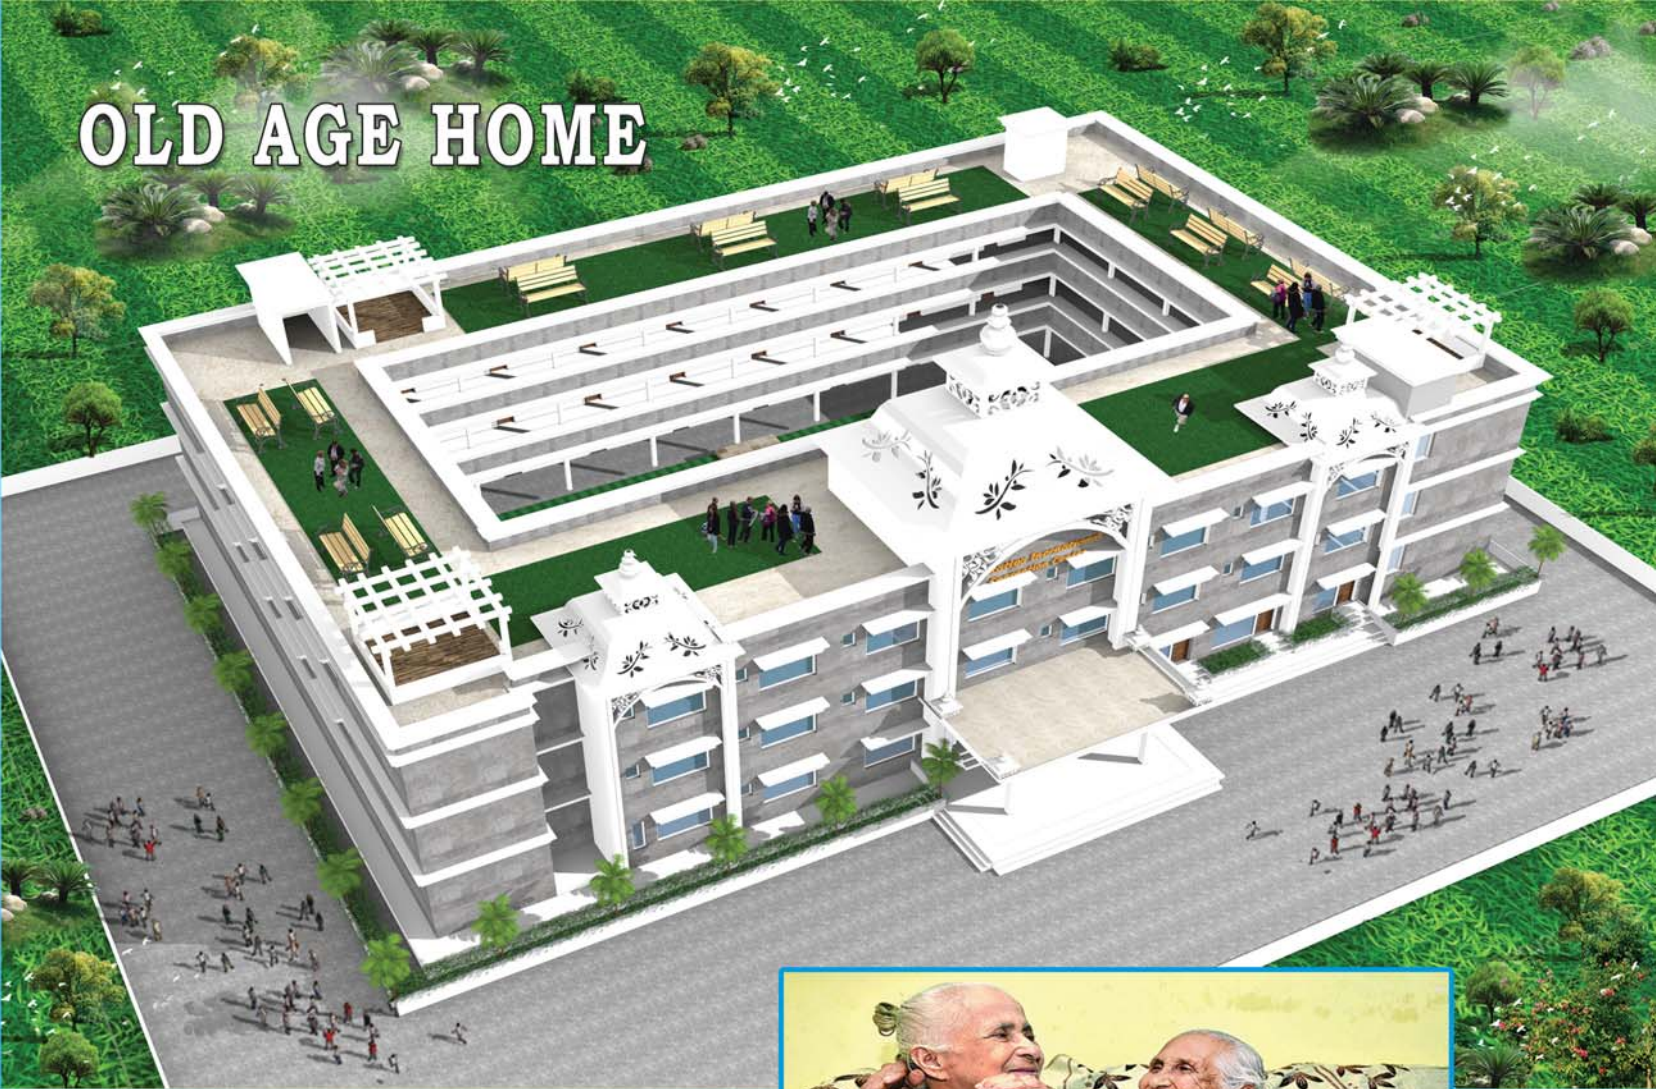

The Grandeur in Detail

The Expansive Space

Expansive Space will be allotted to conduct Exhibitions of International magnitude, from real estate fairs to multiple trade fairs, auto fairs, IT fairs and there is space for everybody. There would also be enough space to conduct weddings on a grand scale.

OLD AGE HOME

The Old Age Sanctuary

It's time the elderly find an appropriate place in the society. Amidst days where fewer spaces are allocated to elders, it's important to allocate the senior citizens a much deserving space where they can meet and bond with like-minded people. An old age home completes our grand plans indeed.

The Attractive Resort

As a part of weekend get away primarily for the citizens of Guntur and Vijayawada, an attractive resort is planned which will offer retreat and rejuvenation. From Games to Swimming Pools to other extra-curricular activities, the resort will be a special attraction indeed.

The International School

An International School is proposed in the vicinity to enable students to get access to top-class education. The International Convention Centre will mobilize the entrepreneurs attracting them to invest. The International School will also encourage people around to live in the vicinity.
